# Year 8 & Year 9 Curriculum Guide

## Further Enquiries:

- Please contact PASS on 8647 3300

The year 8 and 9 curriculum is based on the Australian Curriculum Framework and provides opportunities for all of our year 8 and 9 students to be successful.

All students in Year 8 and Year 9 undertake four subjects for the full year in their home group: English, Humanities, Mathematics and Science.

HPE is also undertaken for a full year, and students can apply to be part of the Sports Academy for this subject.

Students have the opportunity to study 2 further subjects for each of semester 1 and semester 2. These subjects include Digital Technology, STEM, Home Economics, Visual Art and Design, Music (General and Specialist), Drama, Dance and Cultural Discovery. At Year 9 students can also choose from two further subjects: Introduction to Outdoor Education and SAASTA connect.

The Industry Pathways Program begins at Year 9. Students can apply to be a part of this program. For further information please refer to the Industry Pathways link.

Refer to the curriculum descriptions below for more information. These descriptors, and links, are currently being updated so some pages are currently unavailable.
